# BruMont En Primeur 2009

## BruMont Classics

GST incl prices

**Château Bouscassé \$41.50**  
Tannat - Cabernet Sauv. - Cabernet Franc

Rich, round and already very fruity : Aromas of coffee roasting, red berries and liquorice.

Delicious palate with soft tannins.

**Alain Brumont's comment**

"With Chateau Bouscassé, I propose to you the concept, the structure of a wine which guides you towards great wines with a very attractive pleasure for money ratio."

**Château Montus \$52.00**  
Tannat - Cabernet Sauvignon

Tannins elegance of Cabernet Sauvignon brings length and depth to this Tannat dominant wine. The structure masters the power of the wine to give an impression of purity.

Black Fruit, blackcurrant, mint peppered. Very smooth and refreshing finish.

**Alain Brumont's comment**

« 2009 will confirm the success of Montus as the leader, ambassador and symbol for the high quality wines of the South-West of France. »

**Château Bouscassé - Vieilles Vignes \$66.00**  
Tannat

The expression of a great terroir: reflection of a long Madiran tradition.

Full, rich and very ripe wine, with a lot of finesse. Very interesting length helped by a fresh finish. Oak still present gives sweetness and volume.

A harmonious combination of grape varieties & terroir.

**Alain Brumont's comment**

« For the past 10 years, this wine has consistently ranked among the greatest wines in the world.»

**Château Montus - La Tyre \$197.00**  
Pure Tannat

Structure is precise. Rich and soft concentration with a subtle minerality and aromas of black cherry.

Amazing length and aromatic complexity for this luxurious and sophisticated cuvée.

Expression of a rare personality. It has a seat among the best. French wines.

**Alain Brumont's comment**

« Since the first vintage of 2000, La Tyre is our « haute couture », wine, expressing an extraordinary terroir. It's a true collectors gem. »

## BruMont Special Reserves

**Château Montus - Prestige \$104.00**  
Pure Tannat

Blackberry jam and candied fruits melt themselves in the power and roundness of this wine. Tannins already ready; the oak is completely integrated and bring volume to an already generous wine. Power and subtlety.

**Alain Brumont's comment**

« Since the creation of my first 100% Tannat wine in 1985, Montus Prestige has been placed alongside mythical wines in the best cellars. Montus Prestige continues to be rated among the world's best wines. »

**Château de Perron \$72.00**  
Tannat - Cabernet Franc cinquantenaire

Notes of red berries, pepper and vanilla. Great potential, exceptional length.

The wine is elegant and restrained at the moment.

**Alain Brumont's comment**

« A jewel in Madiran. It's a great wine from a colleague who joined us this year. A very promising cuvée. »

**Château Laroche-Brumont \$50.00**  
Tannat - Cabernet Franc

Unexpected and powerful aromatic expression: violet, elder, menthol, white pepper.

Fresh and elegant palate. Smooth tannins with a well integrated oak.

**Alain Brumont's comment**

The terroir and the style of this wine are very different from our other cuvées and it deserves a place in your cellar among the cuvées of Chateau Bouscassé and

## Château Montus - Château Bouscassé 2009

### Madiran 2009 Vintage Report: Château Montus & Château Bouscassé

**Generous wines with magnificent coated tannins.  
Rich, freshness, grandness and depth with balance.**

*« The vintage 2009 is one of the very best we have known for 30 years »*  
**Alain Brumont**

After a rainy and snowy winter, ideal weather in spring promoted fast and good development of the foliage, contributing to successful flowering.

It was ideally warm and dry in late summer through late August and September. Early ripening grape varieties were harvested at the ideal dates and they were able to wait for perfect ripeness for the late varieties.

The 2009 vintage is characterized by:

- A fast and harmonious maturation of grapes
- Ideal climatic conditions, insuring a very good health of the harvest

The end of September marked the beginning of the harvests for dry Pacherencs.

Early November saw the harvest for Tannat and Cabernets.

The harvest took place in ideal conditions without any pressure of rain or grey rot.

The sorting of grapes was simplified and thus optimized.

Every plot of land was able to be harvested at the optimal date (physiological maturity and polyphenols)

Phenolic ripening for the Tannat grapes was perfect while preserving their acidity and balance. The fruit is complex, involving very ripe notes of black cherry and fresh red fruits (raspberry, currants).

The Cabernets reached exceptional levels of maturity. Cabernet Franc is particularly expressive and gives fresh fruit and liveliness to the blends. Cabernet Sauvignon, thanks to a sharp drop in temperatures at the end of the harvest (almost to freezing point), was left until perfect ripeness occurred. Tannins are perfect and the wines are fleshy and concentrated with a great freshness.
