We understand the loyalty to NZ wines, they are good quality wines. But our SW France winemakers are also very quality focused. Alain BruMont's Gascogne range will win you over with their exotic fruity aromas. They are exceptionally fresh and "clean". There is a -

- **Sauv Blanc / Gross Manseng** blend - a well known variety with an added dimension
- **Rosé** - very popular
- **Tannat / Merlot blend** - well reviewed in the NZ Herald recently

It was in Gascogne, a true Eldorado of new terroirs, that Alain Brumont found what he was looking for to produce a new range of fresh, clean and fruity wines using existing and other grape varieties.

Testimonials

These are just three of the many testimonials from customers who have experienced blood pressure decreases after about 2 weeks of a glass a day of our extremely heart healthy French reds.

"A customer of ours told me recently that his blood pressure had dropped like a stone after drinking one glass a day of Madiran (south west France) wine, made from the Tannat grapes. So after Christmas I brought a sampler pack of three bottles from www.lifestylewines.co.nz. Lo and behold, **my blood pressure has dropped quite dramatically**. Lifestyle Wines has evaluated which wines are best for your heart and health and it's all on their website." Peter of Hastings

"I had my blood pressure checked at my Doctor's surgery and then later in the day I had my first glass of Madiran Wine. After ten days of drinking a 165 ml glass of the wine per day I had my blood pressure checked again, **my blood pressure had dropped from 170 over 86 to 130 over 80**. The only thing that had been added to my existing medicine/exercise regime over the ten days was the daily glass of Madiran wine. I was surprised and impressed with the rapid improvement in my blood pressure and on the strength of that result I ordered another 12 bottles of your wine." Warwick of Christchurch

"My blood pressure had been around 160 over 80 and I never can get it down below 150. But without any changes to lifestyle, except having the daily glass of Madiran wines, it was measured last week at the hospital as 126 over 60. **My doctor will fall off his chair.**" Betty of Lower Hutt

The Final Word

Managing your blood pressure is an important strategy to help achieve a healthy old age. In these tough times you should make your wine dollars work for you. The compelling message about the heart healthy wines is that it is a high dose of heart health protecting procyanidin antioxidants in NATURAL foods and doses.
